

6th Grade MYP Learner Profile Movie Semester Exam

You will use a pre-scripted storyboard to create a movie using Windows Movie Maker. The storyboard is located below.

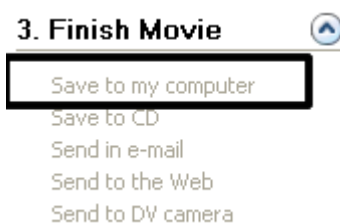

You will use Microsoft Paint to create the word slides for the movie. Make sure you decorate the letters and save the file as a gif file. You will also use clipart that depicts the learner profile name. You will copy this clipart from word and insert it into Paint. Make sure you decorate the background of this slide. Save this file as a gif also. You will import these pictures into Movie Maker. You will also import your audio clip found on Edline after you have finished all the components of the movie. The audio file will be the last thing you will do.

You will need to add video effects, video transitions, and a title and ending credit slide.

You will need to FINISH THE MOVIE by SAVING IT TO THE COMPUTER.

Your file should look like this

NOT THIS

!!!!

You will upload the movie file to Edline under the Homework Hand In name “Semester Exam Movie Homework Hand In. “
